Ryan,  
Where do we stand with the easement issue ?

Joanna

Hi Joanna

What is the status of the permit request for the Jorgensen Project ?

Hi Joanna

I submitted a application for a permit a couple of weeks ago. Here is some additional information you needed to complete the permitting process.

The cost will be approximately \$3,000 to plug the public manhole. This includes grout or blow-up plugs and shoring to facilitate the cleaning of the pipe systems, then CDF backfill the manhole.

I will be coming to the permitting office this morning.

Thanks

*Mike Pearia*
